Pack your bags and board a plane

While Albion Bathrooms take the strain

Dear Wendy & Dave

We would like to thank you for all your valuable advice on our recent bathroom/shower project, and the smooth running of our order from you.

Once we had made up our minds on shower cubicles, wash basin, taps, furniture etc you took it into your hands from ordering to liasing with the fitter for delivery on the day. and any problems that did arise you sorted out promptly.

We also say thank you for recommending Gary Stewart as a fitter whose work was of a high standard and carried out with little fuss (except his tea and biscuits).

We had absolute confidence in Gary, yourself and Wendy and we have mentioned you to all our friends should they be thinking of bathrooms.

We wish you all success in the future

Eileen & Harold.
